VOLT® Low Voltage Landscape Lighting Deck Light - 6000 Series

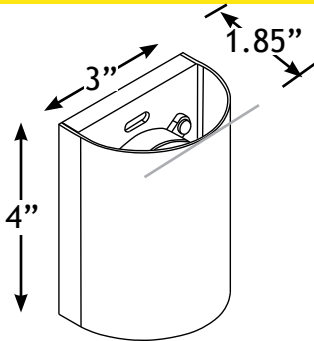

Product Description

The Up/Down Deck Light is a distinctive and elegant cast brass fixture that offers the benefits of a compact deck light along with the beauty and functionality of an up/down sconce. The fixture is ideal for posts on gazebos and arbors, and for wall mounting along steps, stairs, and entry ways. The unit is also ideal for mounting on columns and pillars.

The innovative construction of the fixture consists of an LED module enclosed behind frosted glass. This light source projects onto an angled reflector that divides the light equally in both up and down directions. The cast brass shade acts to fully shield the light - preventing direct glare.

Product Dimensions

Specifications

- ▶ **Construction:** Cast Brass
- ▶ **Finish:** Bronze
- ▶ **Lead Wire:** 48" (standard) or 25' (optional) 16AWG, SPT-2
- ▶ **Mounting:** Two Lock Screws
