VOLT® Low Voltage Landscape Lighting

VOLT® Sedona Path & Area Light - VHT-306-11-BBZ

Product Description

The Sedona is a high quality, brass path lighting fixture with a modern, linear appearance that complements many architectural and landscape styles. Though the hat itself is very linear, it produces a wide, even illumination similar to what you would achieve with a more rounded, traditional hat. Features a 24" stem and optional extension rods. Combine quality brass construction, pro-grade internal components, and lifetime warranty.

Features & Benefits

- Solid Brass
- Pre-aged patina; a natural finish
- Stem is 1-inch thick and includes extra-long (1-inch) strip resistant threading for greater stability.
- Beryllium copper socket - more corrosion resistant than copper.
- Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- Decorative Arm piece is sold separately for this fixture.
